

# Noel

Noel is defined by its neat lines and simple but efficient interior. Water jets set into a spiral ensure that your whole back is being properly massaged. All you need to do is just to move around. The layout of water and air massage jets together with moderately structured interior offers enough space for finding your own massage position.

Shell Dimensions	Ø 200 x 90 cm	Handrail	2x
Dimensions with Cabinet	Ø 200 x 97 cm	Pillows / color	-
